Graduation  
and Awards  
Virtual Celebration

**BRIGHTER WORLD**

**CONTINUING  
EDUCATION**

**McMaster**  
University 

# Congratulations on your graduation

I am delighted to share this significant event with you and those who have supported you along the way. Achieving one's goals as an adult learner is a major accomplishment and those who journey with you are extraordinary people too.

As you go forward and bring your new knowledge and skills to the workplace and the world, please know that McMaster Continuing Education is always here for you. You may want to return for further learning through a program or a professional development offering. In this time when work is changing rapidly and the world is becoming smaller through patterns of globalization, mobile technologies, and travel, being a lifelong learner is important.

A helpful way to stay in touch is through McMaster University's alumni family. As a McMaster graduate, you can connect with thousands of other McMaster alumni. Visit [alumni.mcmaster.ca](https://alumni.mcmaster.ca) to learn about events, offers, and news.

In closing, thank you for choosing McMaster Continuing Education and allowing us to be part of your personal and professional journey. Please accept our heartfelt congratulations and enjoy today's festivities. You've earned them.

A handwritten signature in black ink that reads "Lorraine Carter". The script is fluid and cursive, with the first name "Lorraine" and the last name "Carter" clearly distinguishable.

Lorraine Carter, PhD

Diploma in Professional Addiction Studies: Charlotte MacDonald

### Recipient of the MAPS Centennial Award

Arceli Guadalupe Olivares

On behalf of the McMaster Association of Part-time Students, we would like to congratulate Arceli Guadalupe Olivares as this year's recipient of the 2022 Centennial Award. This award is presented to a part-time student who has overcome particularly adverse circumstances in order to attend university and/or who has demonstrated an outstanding achievement or commitment in activities distinct from university studies. Arceli's academic success has been achieved through her hard work and unwavering determination and by selflessly continuing to put others first. Her journey speaks to her strength, resiliency, and commitment to education. On behalf of the McMaster Association of Part-time Students we congratulate Arceli on her outstanding performance and on achieving this year's 2022 Centennial Award.

### Recipient of the MAPS Instructor Award

Nerissa Knapp, EMBA

On behalf of the McMaster Association of Part-time Students, we would like to congratulate Nerissa Knapp as this year's recipient of the 2022 Instructor's Award. Nerissa has been teaching Business Communications at MCE since May 2018 and holds an Executive Master of Business Administration (EMBA) degree. Described by her students as an exceptional instructor Nerissa encourages her classes to apply academic concepts to real life professional experiences. Through her courses, Nerissa's students learn to blend theory with practice, and, thus, they gain the soft and hard skills needed for their success. On behalf of the McMaster Association of Part-time Students, we congratulate Nerissa on achieving the 2022 Instructor's Award.

### Recipient of the McMaster Continuing Education Appreciation Award

Jon Kruithof, Leading Learning Technologist, MacPherson Institute

Jon Kruithof has been an outstanding support for MCE's projects on several fronts. His support in integrating suitable and functional components into our Avenue to Learn courses has been a prime contribution to successful and timely educational experiences for MCE's adult learners. As an example, Jon and his team at the MacPherson Institute went above and beyond to support the launch of our Analyzing and Visualizing Data with Microsoft Excel course in Spring 2022. Jon and his team have also provided important expertise in identifying technical specifications related to Avenue to Learn and MCE's present work on a Destiny 1 implementation project. Through the Destiny 1 work, students, partners, and staff will have access to a new registration and administration system.

In closing, we would like to recognize Jon and his team's efforts in helping MCE deliver superior and accessible learning experiences for working professionals, other adult learners, and communities.

# Graduates

## Certificate and Diploma Programs 2021/2022

Syed Abidi	Diploma in Business Administration with a Concentration in Management
Chioma Aboaja	Diploma in Health Informatics
